DENIS **CHATENAY**

System and network Engineer

PROFILE

System engineer, working with both GNU/Linux and Windows for several years now.

I enjoy working with open source software allowing automation, high availability, performances.
But the IT knowledge has no end, so I keep going learning by myself with books.

Interested in pursuing system engineering using the latest open source technologies.

On the other hand, I like running, cycling and hiking (both GR20 Corsica [8 days] and Tour of Mont-Blanc [8 days] in total autonomy).

WORK EXPERIENCE

JUN 2014 - JAN 2016

System and network engineer at ITG (Paris 8th – FR)

- Manage the IT infrastructure in a multi-site environment (Paris, Hong Kong, Dublin and London).
- Development and deployment of automation scripts.
- Manage the interconnections (IPsec VPN, tunneling SSL) with our international clients.
- Server virtualization in VMware vSphere and Hyper-V.

SEP 2011 - MAY 2014

System and network admin at SOFEDIS (Paris 5th – FR)

- Manage the IT equipment of 50 computers and 30 servers in a multi-site environment.
- Manage the redesign of LAN from design to installation (layers 1, 2, 3 of OSI model).
- Production deployment of a Disaster Recovery Plan (DRP).
- Server virtualization in VMware vSphere.

SEP 2009 - AUG 2011

IT technician at AUCHAN (Beauvais – FR)

- Manage the IT equipment of 50 computers and 30 servers in a multi-site environment.
- Manage the redesign of LAN from design to installation (layers 1, 2, 3 of OSI model).
- Production deployment of a Disaster Recovery Plan (DRP).
- Server virtualization in VMware vSphere.

COMPUTING SKILLS

Server OS	GNU/Linux (Debian, CentOS, Ubuntu Server), Windows Server 2003-12
Client OS	Fedora, Ubuntu, Windows XP-10
Networking	OSI model, LAN, VLAN, WLAN, WAN, TCP/IP, NAT, PAT, Routing, Firewalling
High-availability	Cluster with Corosync / Pacemaker
Load-balancing	HAProxy
DBMS	MariaDB, MySQL, SQL Server
Web server	Nginx, Apache, IIS
Configuration management	Puppet
Programming	Python, Shell scripting, PHP, SQL, HTML
Virtualization	vSphere, Hyper-V

EDUCATION

2012 - 2014

Master's degree in System & Network Engineering (Level I) at Ingésup (Paris - FR)
Graduated with honors

2011 - 2012

Vocational bachelor's degree in IT management (Level II) at University of Léonard de Vinci (La Défense - FR)
Graduated as the valedictorian (1st) - highest honors

2009 - 2011

Associate's degree in IT management (DEC-T) at Proméo Formation (Beauvais - FR)
Graduated as the salutatorian (2nd) - highest honors

ABOUT ME

Languages: French (native), English (professional)
Personal interests: Movies, books, sports (triathlon, hiking…) and new technologies
Competitions: Worldskills in ICT
- 4th of Picardie (FR) in 2008
- 3rd of Nord-Pas de Calais (FR) in 2010
